DESIGN WITHOUT BORDERS

The best interiors are never built from a single source.

They are shaped through craftsmanship, enriched by culture, and brought to life by skilled makers around the world.

At Blackbeak Collective, we connect designers and luxury retailers with exceptional manufacturers chosen not by geography, but by the quality of their work and the integrity of their process.

We believe sourcing should feel personal, customization should feel effortless, and every collection should earn its place.

Welcome to the world behind the furniture.

IN THIS ISSUE

03 CRAFTED FOR CONNECTION
How craftsmanship, customization, and global partnerships are shaping exceptional interiors.

07 THE COLLECTIVE
Meet the manufacturers, artisans, and innovators behind the collections we represent.

12 THE PALETTE
A closer look at leather, textiles, wood, stone, and the details that define lasting quality.

15 CRAFTED TO ORDER
Why customization continues to define luxury furniture.

16 GLOBAL SOURCING, LOCAL DELIVERY
How Blackbeak Collective simplifies international sourcing from concept to completion.

17 DESIGN OUTLOOK
The forms, finishes, and materials influencing today's interiors.

19 NEW & NOTEWORTHY
A curated look at the latest introductions from our manufacturing partners.

23 BEYOND THE COLLECTION
Custom capabilities and creative possibilities beyond the standard collection.

CRAFTED FOR CONNECTION

Luxury is no longer defined by a country of origin. It is defined by the people behind the process.

From hand-cut veneers and precision upholstery to generations of woodworking expertise, exceptional furniture is still created one detail at a time.

THE FUTURE OF DESIGN

The world's finest manufacturers know that exceptional furniture is never one-size-fits-all. Every piece begins with a shared vision and comes to life through the collaboration of designer, maker, and client.

BUDDY| KOINOR

CUSTOMIZATION TRANSFORMS GOOD FURNITURE INTO THE RIGHT FURNITURE.

ONE DESIGN.
ENDLESS POSSIBILITIES.

Material, color, and finish give every design its own identity.

CURATED WORLDWIDE

THE COLLECTIVE

Every project begins with a unique vision.

That's why we've built a collective of manufacturers whose strengths complement one another — from precision engineering and advanced motion technology to bespoke cabinetry, handcrafted upholstery, and fully customized furniture.

Each partner contributes a distinct perspective, giving designers the freedom to create without compromise.

KELVIN GIORMANI

Dongguan, China

Kelvin Giormani is recognized for its highly customizable modular collections, offering designers the flexibility to create seating tailored to each space and lifestyle. Contemporary design, premium materials, and innovative comfort come together to deliver furniture as adaptable as the people who live with it.

Designed to adapt. Crafted to endure.

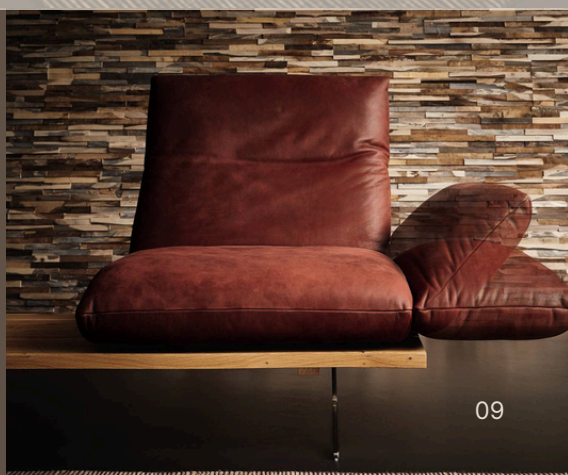
KOINOR

Michelau, Germany

For more than 70 years, KOINOR has combined precision German engineering with innovative motion technology to create highly functional furniture for contemporary living.

Engineered for movement. Designed for living.

MARILYN | KOINOR



MECAM

Dilsen-Stokkem, Belgium

Mecam is known for contemporary upholstery that combines refined Belgian craftsmanship with innovative hidden motion technology. Elegant silhouettes conceal advanced reclining functionality, bringing exceptional comfort and contemporary design into perfect balance.

Hidden motion. Visible design.

MOBI

Bursa, Turkey

Known for bespoke architectural furniture and exceptional customization, MOBI creates contemporary collections tailored for residential, hospitality, and commercial interiors. Every piece is designed around the project—not the production line.

Every detail. Built around your vision.

RITMO WALL SYSTEM | PERA BEDROOM | ARIA DESK | SEVILLA SIDEBOARD

THE PALETTE

WOOD

Nature's signature. Every grain tells a different story.

Walnut | Oak | Custom Veneers

FUJI | MOBI

NIKEA | MOBI

STONE

No two slabs are ever alike.

Natural stone introduces movement, character, and permanence.

Marble| Ceramic

THE PALETTE

LEATHER

Nature's signature.

Every grain pattern is unique, bringing warmth, texture, and authenticity to contemporary interiors.

Full Grain| Aniline | Protected

TEXTILES

Performance meets beauty.

Rich bouclés, refined linens, and tactile woven textiles add comfort without sacrificing durability.

Bouclé | Linen | Performance

THE PALETTE

TENERE| MOBI

LACQUER

A flawless finish begins long before the final coat.

Matte, satin, and high-gloss lacquers create depth, color, and durability while allowing furniture to become a true architectural statement.

Matte | Satin | High Gloss

MOBIBEES| MOBI

METAL

The finishing touch.

Whether brushed brass, bronze, or matte black, metal defines the personality of a piece.

The smallest details often leave the greatest impression.

Brass | Bronze | Stainless Steel

CRAFTED TO ORDER

Because every project deserves a tailored solution.

YOUR PEACE OF MIND.

We coordinate the details so you can focus on design.

- Production tracking.
- Logistics coordination.
- White-glove support.

OUR GLOBAL NETWORK

GLOBAL SOURCING. LOCAL DELIVERY.

THE DESIGN OUTLOOK

What's Shaping Contemporary Living

INTERIOR TRENDS 2026

01

Layered Comfort

Minimalism embraces warmth through soft upholstery, muted tones, and tactile materials. Clean silhouettes feel more inviting, creating interiors that are refined without feeling restrained.

0608AM1 PETALI | KELVIN GIORMANI

02

Modular Design

Flexible furniture is replacing fixed layouts.

Homes are expected to work harder than ever, with modular seating, movable components, and configurable collections adapting to entertaining, family life, and smaller urban footprints.

LUV & LE SAC| INDERA

03

Soft Forms

Curves remain important, but they're becoming more refined.

Rounded seating, sculptural tables, softened edges, and organic silhouettes are being balanced with clean architectural lines rather than soft forms.
